**KADS Committee Meeting
Wednesday 10.6.20 2020
Virtual Meeting due to COVID19**

COVID Lead/Planning

EA Guidelines have come out to say that groups of 6 can meet outside with 2m distance still. A lot of discussion was had over how best to try and help members run with other people. Chit Chat is used to organise runs and this appears to be going well.

Malawi Club

Kerstine had been contacted by a club in Malawi and a coach that works over there. They are struggling to pay for kit as tourism has dropped in Africa. She has asked if this is something that the club would support via fundraising through runs etc. Kerstine wants to set something up and put it out to the club for members to chose to contribute if they wished to - she will send details through to us.

Upcoming Virtual events

We will have reached Grugliasco by Friday.

Kirstie had an idea of running to historical points/points of interest and posting a picture with some facts about it. This can start from next Monday 15th and members can post a picture with facts or to post a picture of something they find to get others involved with what it is. This would be run for 2 weeks. EA 30 minute run challenge starts on 20th June and members would need to sign up via EA for this. Rachelle will be hosting a quiz on Saturday via Zoom

Update on Bullying/Complaints policies

Policies are in the process of being updated

Kit Prices

We had looked at increasing the prices for t-shirts as we were losing money on this. The membership forms had been updated to show that they are subsequently £20 after the first purchase.
