Committee Meeting
Wednesday 8th January 2020 8.30pm

Additional Club nights/weekly schedule

The committee discussed how the weekly runs will work with map runs and structured sessions. The plan would be to alternate between a map run and a structured run on Wednesdays and Thursdays. The committee has looked into funding for an additional Run Leader to help with the sessions, but EA are not currently offering any funding. Daz will be going on his course in March.

Awards Night

The committee discussed the award categories; this will be finalised in February's meeting.

Welfare Officer

The committee discussed the role of the Welfare Officer and wants to ensure that we are meeting EA requirements with this.

Vision of the club

The committee discussed the future of the club and where we want the club to be. A subsection of the committee have agreed to meet to discuss this to bring to the committee and members.

Event schedule for the year

The committee want to ensure that the social calendar of the club continues and to continue with the variety of events for its members. Events will be planned with enough notice for people to join, with golf remaining as a staple event!

Email addresses

The committee currently use their personal email addresses, but for ease of role handover, generic email addresses have been created for each role.

Tent/Groundsheet

A new groundsheet is needed, but possibly a new tent as well but this could be held off for now. Derby Runner had plastic mats in the front of their tent, this could be something to look into. The committee will look into options for this
